PSAW-INDIA Group is a young professional organization founded in 1974 by a team of professionals. The team comprises of Engineers who have experience in various types of laboratory equipments in schools , colleges & Medical fields. PSAW-INDIA is an Organization, which is highly responsive to exceed customer expectation.

Mr. S.P.Verma started in 1974, a dynamic team of professionals after extensive market survey decided to develop an lab equipments for Schools & colleges labs. The product was launched in the market in 1974. Our Medical Equipments, lab equipments, glassware was designed to be cost effective, reliable and extremely accurate in performance.

Encouraged by outstanding growth in sales and outstanding customer **PSAW Export** Lab. Glassware & Instruments in International market.

PSAW staffed is with over 39 years in the field of R & D, Production, Sales, Support and Administration.

PSAW-INDIA staffs are well experienced, highly qualified with several years of practical exposure /knowledge in the lab equipments and products. PSAW products are well accepted and affordable. The products are competitive in quality, features, reliability, ruggedness, user friendliness and price wise.

PSAW is aiming at achieving a good market share for its products globally. It focuses in operating. through efficient distributors across the globe. PSAW aims at becoming one of the leading manufacturers of Lab Equipments Plan to increase product range with a strong and committed design and development team seems to be an easy task for PSAW.

PSAW is ISO 9001, ISO 13485:2003 & 14001:2004 and CE certified. Stringent quality and testing methods ensure that only the best raw material coupled with precision engineering are used for the final product.

Today PSAW has 90% of their business overseas, in contents like Asia, Europe, North America, South America, U.K., Middle East providing models to schools, colleges and polytechnics.

PSAW have two manufacturing units at Industrial Town -Saha – Ambala (Haryana) India PSAW employs state of art high technology machinery in the process of manufacture and assembly to ensure quality standards currently manufacturer several laboratory/pharma/equipments, glassware etc. such as :-

Scientific Laboratory Equipments
Engineering Models & Instruments
Agricultural Laboratory Equipments
Bio-technology Lab. Testing Equipments
Medical and Hospital Equipments
Educational Equipments
Physics Laboratory Equipments
Engineering Equipments

Chemistry Laboratory Equipments
Biology Laboratory Equipments
Laboratory Glassware
Pharmaceutical Equipments
Oil and Petroleum Equipments
Laboratory Plasticwares
Food and Processing Machinery
& Testing Equipments

Products Range :-
